SECRETARY MESSAGE

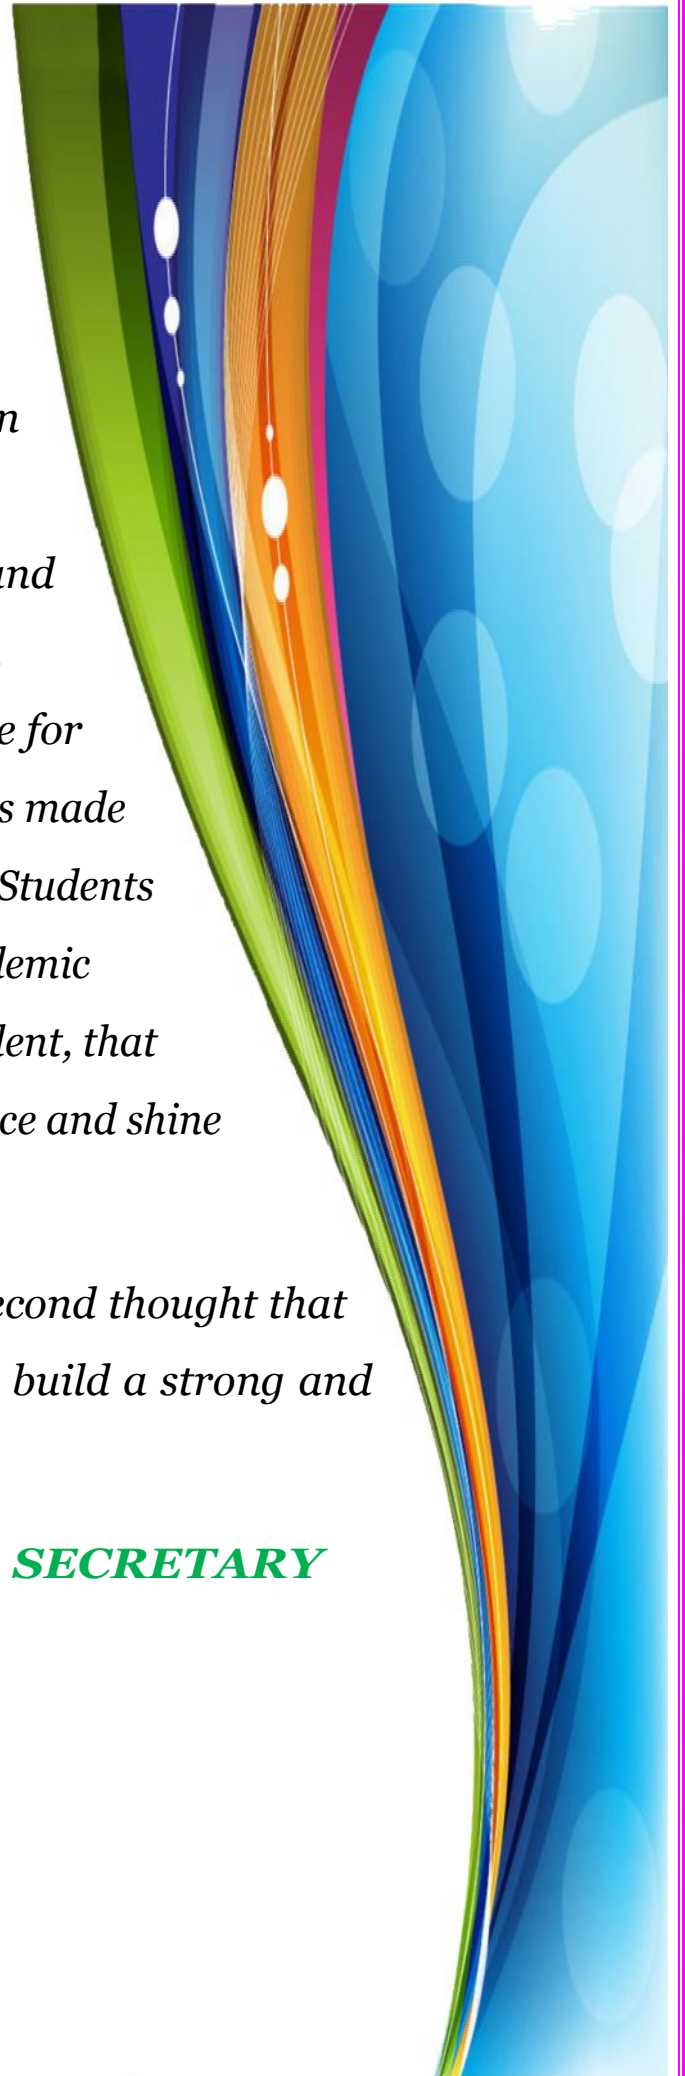

Kevin Hall's phrase "Ignite your life with possibilities" had ignited my mind for starting this educational institution, Padmavani Arts and Science College for Women. It was started with a sole aim of imparting good education with moral values to the woman folk especially for the socially down trodden and economically weaker village folks. Though we had a humble beginning, by the absolute grace of God we stand tall among the colleges affiliated to Periyar University, Salem. We are blessed that we worship the Almighty who can create amazing things from nothing, if he pleases things to be so.

We assure, Padmavani College of Arts and Science for Women as one of the gifts of God. We are privileged that we are chosen people to be an associate of his great and amazing creation, either as a learner, or a teacher or a protector. The college is housed in the citadel of coconut

grove with stellar buildings. At present we have 20 programmes in Under-graduation and 11 programmes in Post-graduation apart from 8 Research Programmes of M.Phil. & Ph.D. in 02 departments. We have been operating buses for the students and teachers to commute college from their homes with ease. It is a pride for all the inmates that the college has made consistent progress in all the facts. Students who were rejuvenated in their academic pursuits at Padmavani, I am confident, that they will radiate perennial fragrance and shine eternal light across the globe.

No one would have a second thought that the college has contributed to build a strong and healthy Nation.

SECRETARY

CHAIRMAN MESSAGE

Every educational institution has its own style and way to impart curricular, co-curricular and extra-curricular skills to the welfare of the students. Apart from varsity's syllabi, Padmavani's pedagogy is unique in its own way which is reflected in their contributions. The inspiring, enthusiastic, young talented and encouraging teachers sculpt students in an exceptional ways a result the novice becomes an expert. I appreciate the positive response of the student-children at Padmavani.

The vision of the management, to serve the needy is always the primary mission of our college. Undoubtedly the college has been a home for the under privileged girl children. We stride on the right path with confidence which put up with desirable results. We dream high and plan in accordance with our vision and mission to enhance the infrastructure facility and the quality of teaching to reap good yield in the years to come.

We are confident that the altruistic faculty members, dedicated non-teaching staff, energetic supporting staff, munificent members of the management will carry the same mission in their mind and heart so as to transform the young minds in to a noble citizen.

The college has a wonderful digital library with volumes of books for the teachers and students to access. The laboratories are established with state of art facilities. We are well connected with Smart class and Wi-Fi facilities to facilitate the educational needs of our students without any

hiccups. We provide the same congenial environment both in the offline and online teaching and learning. We have marched on with many training Programme, extension activities, and societal duties for the teachers, students and the public. No doubt, these activities are vital for a student to blossom into a holistic personality.

As the Victorian poet proclaims,

“The old order changeth, yielding place to the new”,

We are privileged to have the potential updates and the new strategy in teaching and learning. We tread on the new educational technology without ruining the conventional method of teaching and learning much.

As Swami Vivekananda says, “Education is the manifestation of perfection already existing in man”,

We try to bring out the best from the student's educational behaviors. With Ulysessian thirst, and the spirit of Vivekanda, we strive hard, to seek knowledge, and to find new solutions and we will never yield until we reach our desired goal.

CHAIRMAN

PRINCIPAL MESSAGE

Recollecting the beautiful words of Benjamin Disraeli,

“Nurture your mind with great thoughts, for you will never go any higher than you think”.

Indeed, we require better education to have better thoughts, to be a better human being and to intensify a better society. I strongly believe that every human being is furnished with abundant skills and talents as a pretentious gift of God.

I am very much gratified to bring to your heed that Padmavani Arts and Science College for Women is one of those colleges which provide bountiful of opportunities along with a value-based education to kindle and nurture the inner potentials of every student. As Mahatma Gandhi said,

“By Education I mean an all-round drawing out the best in child and man-body, mind and spirit”.

The ultimate goal of Education is the discovery of the meaning of life and the fulfillment of life and all mankind as well as for oneself. I strongly have a belief that Education is a synergetic effort that engages professional administrators in constituting a potent education programme empowering the students in a global perspective.

We have diverse outlooks and experiences committed to excellence in preparing learners for embellished opportunities worldwide. In short learning at Padmavani Arts and Science College for Women is an exemplary package of challenges, attitude and opportunities.

“Experiences of life get condensed for education. This is inculcated in various forms in our institution to assure quality. This process gets essentially ensured to nurture young minds to gain wisdom and strengthen their intelligence. Consistent and focused rendition of education with erudite faculty enhances and sustain life indices of students”.

Wishing you all a very happy education at Padmavani Paradise.

PRINCIPAL

PADMAVANI

ARTS & SCIENCE COLLEGE FOR WOMEN,

NAAC A+ Grade (Cycle 2), SALEM-11

VISION

To become a renowned higher education institution in arts and science disciplines, to provide holistic education, to women-especially rural women, through high quality curricula, backed up by technology enabled pedagogy, in order to empower women, to harvest their best positive contribution towards nation building.

MISSION

- *To create a congenial, inclusive and equitable learning environment through relevant, techno-based and updated curricula;*
- *To nurture an intellectually superior and an emotionally stable personality in every student, through effective teaching, training and counselling;*
- *To provide space for women to realize their rights through academic studies, research and extension activities; and*
- *To bolster the pathway to their economic independence through skill development and proactively indulge them in social activities;*

MOTTO

Educate to empower women

CORE VALUES

- ❖ *Creating value and outcome-based education*
- ❖ *Providing quality education at low cost*
- ❖ *Ensuring equitable access*
- ❖ *Promoting institutional wellness*
- ❖ *To provide a nurturing and trusting Environment to Learn and Grow*
